

21st MDG HEALTH MAINTENANCE EVALUATION: PETERSON CLINIC

18 Months

Patient	Date	Time	Time arrived	Age	Provider
---------	------	------	--------------	-----	----------

Welcome to the Peterson AFB Clinic. We are transitioning to a new electronic medical records system that will allow us to provide your child better health care (notes will be legible, your child's medical record won't be "lost", etc.) Please bear with us while we proceed with this transition.

The electronic medical record system allows us to be very thorough, but it requires a bit more work on the part of the parents. These forms are available on our clinic's webpage if you'd like to complete them before future visits. Eventually we will have electronic records only without any paper charts. This cutting-edge system is Dept of Defense wide, so you may already have experience with this at other clinics. If you feel we could be gathering your medical information in a better way, please feel free to let us know.
